

Student Conservation Association

National Conservation Crews

for High School Students age 15–19

Take a hands-on approach to preserving America's national parks, forests, and wildlife refuges.

Strengthen the environment.

Build a hiking trail, protect a vital habitat, and help protect our precious natural resources for years to come.

Enjoy nature at its best.

Practice Leave No Trace camping, learn about conservation, and take an outdoor adventure trip with your crew when the work is done.

Develop leadership skills.

Create team spirit and manage day-to-day challenges—all while connecting with and caring for Planet Earth.

Apply for your SCA crew today!

As America's oldest and largest conservation service force, SCA has engaged more than 60,000 members in essential projects since 1957. Students serve the land through our internship and high school crew programs, and learn the skills and values of lifelong stewardship.

- High school students ages 15-19 are eligible.
- Crews include 6-8 teenagers who serve for 3-5 weeks in summer.
- Each one is supervised by two experienced adult leaders.
- Members live in tents and cook their own meals.
- National conservation crews are tuition-free.

SCA also offers expense-paid internships for those 18 and older and field leader positions for ages 21 and up. **Learn more at thesca.org.**
